For people born in Jan. or Feb.:

Caveat: There is approximately a one-month disparity between the lunar and solar calendars, so one's Zodiac sign may differ from that shown above for people born in January or February. For example, say you were born on 19 Jan. 1987. Your sign is not the HARE (as shown above), but rather the TIGER. Why? Because the lunar year back then began on 9 Feb. 1986 and ended on 29 Jan. 1987. People born on Jan. 30 (1987) or thereafter are HARE folk, but people born between Jan. 1 and Jan. 29 (1987) are TIGERS

RAT (NEZUMI)
